Elizabeth, NJ 07201

Dear Mr. Tacon:

On Friday, July 3, 2015 you were employed by Maher Terminals as one of our labor foremen in the Container Yard operations. Included in your responsibilities is the transporting of labor personnel to their assigned machines.

While in transit with a bus full of personnel, a fire started in the electrical panel of the bus. This resulted in smoke and flames followed by a foul odor. Immediately, you stopped the bus and ordered all personnel to exit immediately via the rear emergency exit (as you were trained). Additionally, you proceeded to utilize the fire extinguisher located near the driver's seat and extinguished the fire.

Your immediate actions were instrumental in the safe evacuation of all the employees and minimizing the damage to the vehicle. Maher Terminals would like to extend our appreciation for your quick thinking and immediate action in preventing potential injuries and loss of equipment during this incident. Thank you again for your swift and responsible actions.

Sincerely,

MAHER TERMINALS LLC
